homegroups

Why homegroups? In Acts 2, there is a model set up for the church in which people met together in their homes, broke bread and ate together with glad hearts. This is the model that they believed would best satisfy the needs of the church. And we as The Gathering believe this too.

Sounds great right? But how do I find that kind of community?

Well this little booklet was created to help with just that. In these pages you will find information on all of The Gathering's homegroups, including what each group is about as well as directions and contact info. Take your time, read through it and try out some groups. We are confident that there is a place for you in a Gathering homegroup. If questions come up or you'd like help in getting plugged in, email us at info@thegat.com and we will walk through this process with you.

Let the adventure begin!
